

At Affirm, we believe in a future where everyone has the trust, support, and information they need to choose what's best for them. It is our mission to make sexual and reproductive healthcare accessible **to everyone**.

Affirm's Policy Priorities

Broaden equitable access to sexual and reproductive healthcare, including contraception and abortion care.

- Codify contraception access in Arizona law.
- Expand coverage and eligibility for contraception.
- Support the Arizona for Abortion Access (AAA) ballot initiative.
- Ensure accurate and accessible information on abortion care, expose and correct harmful disinformation.
- Secure unimpeded access to a full range of abortion care services.
- Participate in the Governor's Sexual and Reproductive Health Task Force.
- Increase access to STI testing and treatment.

Protect, defend, and expand the Title X family planning program.

- Support Federal and State increases in funding for contraception.
- Join legal cases aligned with our priorities to defend access to sexual and reproductive health care.

Increase sexual and reproductive health education and awareness.

- Increase access to evidence-based, comprehensive sexuality education.

Promote equity in healthcare.

- Oppose discriminative bans on transgender recognition and gender-affirming care and education.
- Promote use of Culturally and Linguistically Appropriate Standards (CLAS) in reproductive health services.

Support everyone's right to bodily autonomy.

- Support health decisions between an individual and their health care provider free from any outside interference.
- Support individual rights to confidential healthcare services.
- Support bodily autonomy at every age and for every person.
- Oppose discriminatory bans such as drag show and book bans.

Defend and reinforce programs supporting under-resourced communities.

- Support partner organizations in achieving interconnected policy goals.
- Support Maternal Child Health initiatives and organizations.

It is the policy of Affirm to comply with all Title X requirements for the use of Title X funds, including the requirements to ensure that no Title X funds will be used in programs where "abortion is a method of family planning" and that there is a separation of Title X activities from non-Title X activities.
